Don't let safety escape!

Unforeseen calamities cannot be planned, but preparation can!

Safety & Health Expo 2010, Birmingham

We would like to thank those of you who managed to visit our Stand, at the Safety & Health Expo this year. We met old friends, as well as new ones and hope that we can continue to provide the level of A-Quality products and services that you have become accustomed to receiving from us. If you are new to us, then we hope to meet up with you very soon, so that we can provide you with expert guidance, to steer you in the right direction.

New Generation Escape-Chair®

For those of you that were unable to make it to the Expo, then why not contact us to become acquainted with the reasons as to why the New Generation of Escape-Chairs® puts safety first. In fact, its unique features help reduce the risk of injuries being sustained in an emergency evacuation.

All of our Escape-Chairs are delivered with a free dust cover and identity card, so that all of the information about your product/training and servicing information can be found with your equipment: making those dreaded visits from Authorities more bearable.

Professional 'health-check'

Looking forward to your holiday? Well you deserve it, you have earned it and you need to be rest assured that there are no horror stories waiting for you, upon your return to work. Then why not book a special treat and give your evacuation chairs a 'health-check' by the professionals, at reasonable prices. Contact us for more details.

Do you want us to contact you?

 Call me!

Extended training offer

As a special thank you, we are extending our training offer until **30 September 2010**. So, 10% discount on all of our training packages or if you purchase more than 5 chairs, we will provide you with a training session for FREE.

For more information, please contact us on 0207 245 0695 or email us at info@escape-mobility.com.

(*This offer does not apply in combination with other offers or discounts.)
